COLLABORATIVE HOUSING SOLUTIONS

Created beneath the banner of Operation Come Home, HousingWorks Ottawa is a social enterprise that serves to expand the supply of affordable housing for those experiencing homelessness in Ottawa.

## MASTER LEASING

Landlords enter into a commercial lease with HousingWorks Ottawa - with the intention that an Operation Come Home client will reside in the unit.

## PARTICIPATION BENEFITS

-  Timely payments directly from HousingWorks
-  Ongoing landlord support & reduced vacancy loss
-  Access to financing & incentives to develop affordable housing

The client will be provided an environment to stabilize into tenancy with access to supports and a flexible occupancy agreement.

Master leasing agreements protect the affordable housing supply in Ottawa - ensuring it is there for those who need it, when they need it.

For new housing developments, HousingWorks has a straightforward partnership model that can be incorporated into project plans.
